

‘Action-oriented’ media teaching and learning approach:

- is based upon and refers to the learners' life experience
- can be structured so as to enthuse the participants
- takes a learner-centred approach
- supports learning through action
- is product-oriented – e.g. making a radio programme

Approaches to teaching and learning developed by META Europe:

- Tandem Training
- Use of ‘Community Tutors’
- Approaches to working with specialist interest group (e.g .women)
in community media
