

# RELIGION EDUCATION AND SOCIETY IN AFGHANISTAN

DEC 10<sup>TH</sup> 2022

FREIBURG & ONLINE

Numerous images and opinions about **religion, education, and society in Afghanistan** circulate unquestioned around the world and produce and reproduce stereotypes.

However, rarely we try to analyze the role of religion and education in Afghanistan more deeply, to understand it better, and to be able to classify developments more adequately. Afghan society is far too complex to be described briefly.

In this conference, we will look at the role of religion, education, and society and their mutual influences in keynotes, workshops, and panel discussions.

Will you join us and participate in the conference?
